

Prohibited uses of vehicles

Only approved and registered DriverSelect (Pty) Ltd Drivers ('Driver' or 'Renter') can book and drive a car when it is listed by an Owner for rental on the DriverSelect (Pty Ltd platform. An "approved DriverSelect (Pty) Ltd Driver" means that the Renter is an approved Uber Driver, the member has submitted his or her Driver's License information to DriverSelect (Pty) Ltd, their driving history continues to meet the DriverSelect (Pty) Ltd [eligibility requirements](#), and that the Driver is still in good standing.

Engaging in any Prohibited Uses with a DriverSelect (Pty) Ltd vehicle will be grounds for fines, suspension or cancellation of your membership. It will also nullify coverage if the Owner has encouraged the engagement in a Prohibited Use. **Engaging in any Prohibited Use will also eliminate any coverage for the Renter for any claims related to physical damage.**

Prohibited vehicle uses and activities include:

- Permitting someone who is not an approved DriverSelect (Pty) Ltd Driver to drive a vehicle rented from Owner via the DriverSelect (Pty) Ltd platform.
- Driving a manual transmission car without being expert in the use of clutches and manual transmissions. Note: If the drive train of a manual transmission car is damaged, the Renter will be presumed to be at fault and will be held fully liable for repair of any damaged components of the car
