What Will I Earn?

Car owners listing a vehicle on DriverSelect (Pty) Ltd's rental platform set their own rental deals. When a Renter requests to rent their car, the Owner and Renter then negotiate the detailed terms of the rental between themselves, and sign a Rental Agreement that specifies these terms, and which is signed by both parties at the time the vehicle is handed over by the Owner to the Renter.

The Owner will be required to send a copy of the signed Rental Agreement to DriverSelect (Pty) Ltd after vehicle handover, and DriverSelect (Pty) Ltd will then be able to calculate the rental payments that will be due to the Owner, net of any DriverSelect or DriverSelectPlus fees, depending on which service option the Owner has selected.

How Do I Get Paid?

DriverSelect (Pty) Ltd will collect your rental amount directly from Uber on a weekly basis, and will then pay you, net of DriverSelect or DriverSelectPlus fees, within 3 days of receipt.

Where DriverSelect (Pty) Ltd has recovered costs relating damages to your vehicle from the either the Renter's deposit or accrued or future Uber earnings, these will also be paid over to you within 3 days of receipt.

In order to receive these funds, you'll need to provide us with the correct bank details you want the funds to be paid into. You'll be able to securely enter this information on your banking page (<https://driversselect.co.za/settings/bankdetails>).
